LinkedIn: linkedin.com/in/jeevanantham-selvam-aab668193 | Portfolio: happyboyuportofillo.vercel.app

PROFESSIONAL SUMMARY

Front-End Developer and React JS Developer with an MCA qualification and hands-on experience building responsive web applications and practical software projects. Skilled in HTML5, CSS3, JavaScript, React JS, Node JS, MongoDB, responsive web development, REST API integration, Git, GitHub, and Vercel deployment. Strong interest in developing reusable user interfaces, responsive layouts, interactive web applications, and practical solutions. Seeking a Junior Front-End Developer, Junior React JS Developer, or Web Developer position.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React JS, Responsive Web Design

Backend: Node JS, REST API Integration

Database: MongoDB

Tools & Deployment: Git, GitHub, Vercel, VS Code

Core Skills: Front-End Development, Web Application Development, UI Development, Responsive Design

PROFESSIONAL EXPERIENCE

Hypertext — Junior Email Marketing Executive | 6 Months

- Supported day-to-day technical workflows, operational activities, and campaign-related execution.
- Worked with technical configurations, troubleshooting, data handling, and routine digital processes.
- Collaborated with team members to maintain smooth daily operations and resolve operational issues.

PROJECTS

WEATHERIQ — React Weather Application

Technology: React JS, JavaScript, HTML5, CSS3 | Live Demo: weather-chi-one-vtnm3osil8.vercel.app

- Developed a React-based weather application with a responsive and user-friendly interface.
- Implemented frontend components and interactive weather information presentation using React JS.
- Designed the application for responsive use across desktop and mobile screen sizes.
- Deployed the application using Vercel.

HAPPYDESK — Full-Stack Team Management Application

Technology: React JS, Node JS, MongoDB | Duration: 3 Months

- Developed a full-stack team management application focused on task organization, work visibility, team communication, and workflow efficiency.
- Built responsive frontend functionality using React JS and backend functionality using Node JS.
- Used MongoDB for application data management and structured project information.

PERSONAL PORTFOLIO — Web Developer Portfolio

Technology: React JS, HTML5, CSS3, JavaScript, Vercel | Live Demo: happyboyuportofillo.vercel.app

- Developed a responsive portfolio website to showcase professional information, technical skills, projects, and live demonstrations.
- Created recruiter-focused project sections and deployed the portfolio using Vercel.
